## **DETAILED ACTION**

### ***Continued Examination Under 37 CFR 1.114***

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 12/11/09 has been entered. The Examiner has carefully considered the IDS submitted on 12/11/09 along with the filing of the RCE. None of the cited references on the IDS appear to suggest Applicant's claimed invention and thus, the application is allowed.

### ***Allowable Subject Matter***

2. Claims 4, 6 and 7 are allowed.
3. The following is an examiner's statement of reasons for allowance: All previously applied art rejections have been withdrawn in light of Applicant's thorough remarks and that fact that the cited prior art does not provide for the claim limitations as set forth in the current claims. It should also be noted that the Japanese search report are rejecting the original set of claims which had open ended language and therefore are not valid on the current three claims.
4. Therefore, it is the conclusion of the Examiner that the prior art of record fails to provide for the compositional, structural and dimensional limitations as set forth in Claim 4. More specifically, a cleaning sheet consisting of a support, a thermoset resin cleaning layer having porosity formed on one side of the support,

Art Unit: 1794

and a pressure-sensitive adhesive layer comprising a thermoplastic resin formed on the other side of the support, wherein the thermoset resin cleaning layer having porosity has substantially no tackiness.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
